

# Technical Data Sheet

Sheet of household dishwasher according to EU Directive 1059/2010:

|   |                         |
|---|-------------------------|
| Manufacturer                                      | POWERPOINT              |
| Type / Description                                | P24510M6BL.P24510M6SL   |
| Standard place settings                           | 10                      |
| Energy efficiency class <b>①</b>                  | A++                     |
| Annual energy consumption <b>②</b>                | 211 kWh                 |
| Energy consumption of the standard cleaning cycle | 0.74 kWh                |
| Power consumption of off-mode                     | 0.45 W                  |
| Power consumption of left-on mode                 | 0.49 W                  |
| Annual water consumption <b>③</b>                 | 2520 liter              |
| Drying efficiency class <b>④</b>                  | A                       |
| Standard cleaning cycle <b>⑤</b>                  | ECO 45°C                |
| Program duration of the standard cleaning cycle   | 190 min                 |
| Noise level                                       | 49 dB(A) re 1 pW        |
| Mounting  | Free standing           |
| Could be built-in                                 | Yes                     |
| Height  | 84.5 cm                 |
| Width   | 44.8 cm                 |
| Depth (with connectors)                           | 60.4 cm                 |
| Power consumption                                 | 1930 W                  |
| Rated voltage / frequency                         | 230 V~ 50 Hz            |
| Water pressure (flow pressure)                    | 0.4-10 bar = 0.04-1 MPa |

## NOTE:

- ①** A + + + (highest efficiency) to D (lowest efficiency)
- ②** Energy consumption “211” kWh per year, based on 280 standard cleaning cycles using cold water fill and the consumption of the low power modes. Actual energy consumption will depend on how the appliance is used.
- ③** Water consumption “2520” litres per year, based on 280 standard cleaning cycles. Actual water consumption will depend on how the appliance is used.
- ④** A (highest efficiency) to G (lowest efficiency)
- ⑤** This program is suitable for cleaning soiled normally soiled tableware and that it is the most efficient programme in terms of its combined energy and water consumption for that type of tableware.

The device meets the European standards and the directives in the current version at delivery (If the version number is not in conformity with the latest standards, please refer to the latest version number.):

- LVD 2014/35/EU
- EMC 2014/30/EU
- ERP 2009/125/EC

The above values have been measured in accordance with standards under specified operating conditions. Results may vary greatly according to quantity and pollution of the dishes, water hardness, amount of detergent, etc.

The manual is based on the European Union's standards and rules.
